W. T. Noel, of Buckeye, has purchased of R. S. Schudder, of McKinney, the fine saddle stallion Royal Denmark, by Black Dave. Price \$500. Royal Denmark is one of the best saddle horses in central Kentucky, and attracted much attention. Mr. Noel is to be congratulated upon securing this fine animal.

Much Oratory.

The three candidates for the Democratic nomination for representative, Messrs. Farris, Mount and Bogie, addressed a court house full of people Monday afternoon, each setting forth his claims. The race promises to be a hot one, as each candidate says he is in the race to win.

For Graduating Class.

The Graduating Class of the Graded School have arranged for a splendid entertainment to be given by A. Lincoln Kirk at the court house tomorrow (Friday) night, and, as the proceeds are for benefit of the class, a large crowd will attend. Mr. Kirk is an entertainer of wide reputation, and those who attend are assured of a most delightful evening. Price 15, 25 and 35c. If you want a good seat, better have one reserved now.

Easter Exchange.

The Ladies Aid Society will have an exchange in the Stormes room, on Danville street, next Saturday, 30th. Don't fail to call and purchase every thing nice for your Sunday dinner. They will have all kinds of delicacies and substantial, and at very reasonable prices. Your patronage will be greatly appreciated. Ice and cakes will also be served.

Millinery Opening.

The opening of spring and summer millinery, always looked forward to by the ladies with as much enjoyment, as the boys wait for circus day, proved a great success in Lancaster Monday, and both stores were crowded all day. The many new designs and patterns displayed were highly complimented and the proprietors praised upon the successful selections. A great many purchases made, and the millinery business starts off with every prospect of being the best in years.

Former Garrard Man.

Wm. J. Leavell, a farmer citizen of Garrard, is an announced candidate for the Democratic nomination for the Representative in Jessamine county. He is a man of ability, experience and informed on all public matters. He has a host of friends in this county who hope his ambition will be gratified. He was a leader in Garrard politics, and always voted for local option in this county. He has a wide circle of prominent relatives and friends in Garrard.

New Firm.

Messrs. Curry & Herndon, who have conducted a grocery store next to the National Bank for some time, sold their stock of goods to Messrs. Gill, Walker & Simpson, invoice being taken the first of the week, and the new firm consists of Messrs. J. Lewis Gill, Green Clay Walker and John Simpson, all well-known young men. They are boys of wide acquaintance and deserve every success. They tell The Record it is their intention to handle nothing but the very best of goods and do all in their power to merit the patronage of the public. They show they are going after trade by placing a large ad in this paper to let you know they are in business and want your trade.

IMPORTANT To FARMERS.

Most Important Meeting of Farmers Ever Held in Garrard County to be Held Next Monday and Tuesday, April 1 and 2.

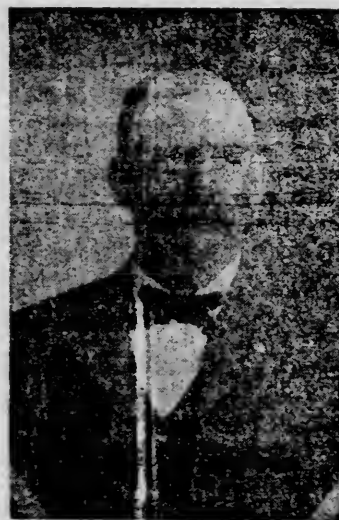

The Garrard County Farmers Association, which has been attracting the interest of so many of our farmers, has arranged for a monster two-days' meeting in Lancaster next Monday and Tuesday, April 1 and 2. As is known, this organization is for the upbuilding of the farming interests of the county, for a getting together of the farmers and the bringing about of many improvements in the business which cannot be done in any other way. The Association already has a membership of over one hundred, and new names are being added every day. There is absolutely no cost attached to being a member, and every farmer in the county should join at once. Every farmer is urged to be present and should consider himself especially invited. Three distinguished speakers will be here and address the meetings, viz: Prof. W. H. Scheffels, who will lecture on Tobacco Raising, its Culture, Handling, etc. Prof. J. E. Wing, of Ohio, will lecture on Alfalfa, Corn Raising and Soil Fertility. Prof. E. S. Goode, of Indiana, will talk upon Stock Raising. Each of these gentlemen are experts on the subjects named, and every one hearing them is bound to learn something of value.

The meetings will be held at the court house at 9:30 a. m. each day, and will be presided over by Hon. Hubert Vreeland, Commissioner of Agriculture of Kentucky. On one evening a banquet will be given, and the entire time will be made pleasant and profitable to all who attend. The officers of the Garrard county organization are: Hon. J. N. Denny, president, J. E. Robinson, vice president and Jno. M. Farra secretary. Every farmer should make it a point to be there. It doesn't mean that you must be a land owner, but a man who is interested in the foregoing subjects.

M. S. Baughman.

The many warm friends of Mr. M. S. Baughman, in this section are glad to learn that he will be a candidate for reelection to the office of Sheriff of Lincoln county, and if they could go over the line and vote they would make his election sure. They claim that it is a rule to endorse a worthy official and, as he could not serve two terms in succession, he should be elected for the next term. A friend reports that he heard Judge Bell and commonwealth Attorney Hardin speak in the highest terms of his official career, and it is universally agreed that he always discharged his duties faithfully and always had the public good in view.

He realized the importance of the office, as he collected the people's revenue for defraying public expenses, and frequently had charge of criminals. His undoubted integrity and courage made him equal to every emergency.

He inherited those high traits of character which are always in demand in private or public service. He is in the prime of life, has abundant experience in all that pertains to the office and his nomination would meet with the approval of the people. He is a member of the Christian Church and the Knights of Pythias.

In campaign work and party organization he is a power and scatters terror and consternation in the ranks of the opposition. His allegiance to the Democratic party, his obedience to every call of duty, and his devotion to his friends constrain them to believe that his nomination and election would be a matter of justice to him and redound to the public good and the general welfare.

Notice to Trustees.

The census blanks for the examination of children of school age can be had by calling at Co. Supt's office on Saturday, or at office of the County Clerk. The law requires this report to be filed at the Co. Supt's office on or before the first day of May.

A Law-Abiding County.

The grand jury, after many days faithful work, only returned fourteen indictments, which shows how law-abiding our citizens are. The writer remembers when from 100 to 200 indictments were considered doing mighty well.

Fresh fish at T. S. Elkin & Son every Friday.

T. S. Elkin & Son will put the ice to you this summer instead of Pug.

Don't forget the exchange in Stormes building Saturday.

Death of Prominent Man.

News of the death of Mr. Richard A. McGrath, which occurred late Thursday afternoon, was a great shock to the many friends of that clever and popular gentleman. Mr. McGrath had not been seriously ill, and his family thought of no immediate danger. Heart failure came on suddenly and he died in a remarkably short space of time. Mr. McGrath had resided in Garrard county, near Bryantville, for more than thirty years, and was held in the highest esteem by his many friends. He served in Capt. M. D. Logan's company in the Confederate army, under Morgan's command, and was a devoted member of the local Camp of Confederate Veterans, which is known as the David Logan Camp. He leaves three children, Mrs. Thos. E. Adams, Richard and Price McGrath. The funeral was held at his late residence Saturday afternoon, interment taking place in Danville. Many members of M. D. Logan Camp attended the funeral in a body, wearing their gray uniforms. Garrard county loses a good citizen in the death of "Dick" McGrath, and his death is deeply regretted by all who knew him.

Opening of Spring Millinery.

I take pleasure in announcing to the public that our opening of Spring Millinery will be held next Saturday, the 30th. A most cordial invitation is extended to all to call and inspect our stock, which is the handsomest, most elaborate and up-to-date ever shown in this section of the State. Miss Bennett, who has been with me and given so great satisfaction for several years, will again have charge of the trimming department. Mrs. Josephine Bener.

To Our Subscribers.

This office has been heels over head in job printing and advertising work for the past two weeks. As this is the busy season with all printing offices, it is impossible to get extra hands—they're all busy. We are turning out work as rapidly as possible, but our news columns have been pushed aside for advertisers. No sensible subscriber will object to this, as it only happens in the Spring and Fall. This papersends you ten and twelve columns of home news every week, more than any paper in this section, for we very seldom run plate matter. If you think you're not getting the worth of your dollar-a-year, stop and think of the large amount of news we sent you when business in all branches was at a standstill. In other words, look on both sides of the question.

Always Keeps Chamberlain's Cough Remedy in His Home.

"We would not be without Chamberlain's Cough Remedy. It is kept on hand continually in our home," says W W Kearney, editor of the Independent, Lowry City, Mo. That is just what every family should do. When kept at hand ready for instant use, a cold may be checked at the outset and cured in much less time than after it has become settled in the system. This remedy is also without a peer for croup in children, and will prevent the attack when given as soon as the child becomes hoarse, or even after the croupy cough appears, which can only be done when the remedy is kept at hand. Died in Montana.
A Deer Lodge (Mont.) paper contains notice of the death of Thomas Cole Warren, in that city, a few days ago, aged eighty-four years. Mr. Warren was born in Garrard county, but when a young man went to California and remained there until 1863, when he went to Montana with "Bill" Burnes traveling by way of Walla Walla with pack horses. They located in Adler Gulch, on German bar. In '64 he sold his mines and returned to Kentucky, selling his gold in Chicago for twice its value in greenbacks. He remained here three years and returned to Montana until his death. The paper says, "In his death another one of the old-timers, an honest, generous and respected citizen has passed away." The deceased has relatives living in the Buckeye section and is well remembered by our older citizens.

Worked a Like Charm.

Mr. D. N. Walker, editor of that spicy journal, the Enterprise, Louisa, Va., says: "I ran a nail in my foot last week and at once applied Bucklen's Arnica Salve. No inflammation followed; the salve simply healed the wound." Heals every sore, burn and skin disease. Guaranteed at McRoberts Druggist, 25c. 1m

The best cure for the blues is to stop thinking of yourself and begin planning happiness for others.

Afflicted With Rheumatism.

"I was and am yet afflicted with rheumatism," says Mr. J. C. Bayne, editor of the Herald, Addington, Indiana Territory, "but thanks to Chamberlain's Pain Balm am able once more to attend to business. It is the best of liniments." If trouble with rheumatism give Pain Balm a trial and you are certain to be more than pleased with the prompt relief which it affords. One application relieves the pain. For sale by R. D. McRoberts The reliable Druggist of Lancaster. 1m

Not he who has no weaknesses is the strongest man, but he who makes them serve his strength.

A Favorite Remedy for Babies.

Its pleasant taste and prompt cures have made Chamberlain's Cough Remedy a favorite with the mothers of small children. It quickly cures their cough and colds and prevents any danger of pneumonia or other serious consequences. It not only cures croup, but when given as soon as the croupy cough appears will prevent the attack. For sale by R. D. McRoberts The reliable Druggist at Lancaster. 1m

FARM ITEMS.

Claude Williams, of Woodford county, brought over thirty six head of mules and sold them at auction at Richmond this week. Mules coming two years old brought from \$250 to \$350 a pair. Good horses were scarce; some few sold for good prices. Robert Welker, the well-known horseman, sold to J W Strode, of East Hickman, a fine jack.

At a recent Grange meeting in New York State this question was discussed: "What is the average cow worth, when butter is 22 cents a pound, milk 6 cents a quart, cheese 13c, pasture 50c., a week, hay \$10 a ton and ground feed \$1.20 per 100 lbs?" Nearly every member present took some part in the debate, and the substance of the discussion was that under these conditions a cow would be worth about \$40.

Only a few years ago farmers were in the habit of putting their tobacco in keeping order at their barns, and not a great while since they never thought of selling it in what is known as "winter order." If it becomes necessary for the growers, who have their tobacco pooled, to thus take care of it and prepared it for keeping, it can easily be done until such time as the society can arrange for central warehouses. The quicker the farmer gets his tobacco in shape to take care of it, the quicker will the trust come to his terms and prices. After it has "gone thru the sweat" it can be graded prized in bogsheads and stored, and there will be no difficulty in getting advances on it when in that shape.

This is the season when lambs have paid better than sheep on the whole, and this is likely to make lamb feeding more popular in the near future with the farmers in this section. The trouble with sheep has been the enormous numbers of poorly prepared flocks forced on the market from the big feed lots by the boom in the price of screenings to figures that were virtually prohibitory. The spread between sheep and lamb prices has been unusually wide of late, and there must have been more sheep put on feet last autumn than was supposed at that time. Even fat sheep have sold at figures that meant severe losses to feeders at times when good profits were obtained on yearlings and lambs. The demand for feeding lambs has never ceased at any time, and there are still many orders unfilled for lack of suitable offerings. Not only are they wanted for fattening on account of the mutton and wool, but there is also a desire to feed on account of the manure.—Danville Advocate.
